"A pilgrimage is a symbol of life; it makes us think that life is to walk, it is a path,"... "If a person does not walk and stays still, it's no good, he does nothing."... "A soul that does not walk in life doing good, doing the many things that must be done for society, to help others and who also does not walk through life seeking God moved by the Holy Spirit from within, is a soul that ends in mediocrity and spiritual misery. Please: do not stop in life!" – Pope Francis (June 2015)
